

## **BAB V**

### **KESIMPULAN**

Di awal proses penulisan penelitian ini, penulis memunculkan pertanyaan “Bagaimana upaya peningkatan pasukan perdamaian perempuan Indonesia mampu menjadi instrumen Indonesia dalam menjalankan diplomasi preventif

Indonesia?” sebagai acuan dari penelitian ini. Terkait pertanyaan tersebut, melalui pembahasan di bab dua hingga bab empat, dapat disimpulkan bahwa benar nyatanya pasukan perdamaian perempuan Indonesia memungkinkan Indonesia untuk menjalankan diplomasi preventif.

Walaupun Indonesia tidak secara eksplisit menyatakan bahwa Indonesia menjalankan diplomasi preventif dengan mengirimkan pasukan perdamaian perempuan, tetapi melalui pernyataan dan kajian yang dikumpulkan, Indonesia benar adanya menjalankan nilai-nilai diplomasi preventif seperti pencegahan eskalasi konflik, membantu upaya rekonsiliasi, meningkatkan transparansi informasi dari masyarakat, dan mencegah kekerasan berbasis gender.

Membuka kesempatan yang lebar bagi perempuan Indonesia yang berpartisipasi di kepolisian dan tentara juga meningkatkan upaya pengarusutamaan gender di Indonesia. Memang benar adanya bahwa bukan tanpa tantangan yang besar Indonesia menjalani upaya peningkatan guna berpartisipasi di kancah perdamaian dunia. Tetapi Indonesia terus berusaha dengan dengan untuk meningkatkan kuantitas sekaligus juga kualitas dari pasukan perdamaian perempuan Indonesia.

Tetapi sayang sekali belum ada transparansi data dari jumlah pasukan perdamaian Indonesia tidak dapat ditemukan secara berkala seperti menemukan jumlah pasukan perdamaian perempuan secara global. Jumlah pasukan perdamaian perempuan Indonesia hanya bisa ditemukan dari pernyataan-pernyataan resmi yang dikeluarkan oleh pemerintah negara. Sehingga dalam hal ini, perkembangan dan persentase dari pasukan perdamaian perempuan Indonesia tidak bisa dianalisa trennya.
